

Room 3 Update

Where on Earth is Mr Fuller's Class?

Our theme for this term is "Where on Earth are We?".

Every fortnight this term, your child will receive an airline ticket containing a series of clues. When solved, these clues will reveal a *secret destination*.

The first ticket will be sent home this Thursday, and I will reveal the first destination on Friday. The Year 4 / 5 class will then take an imaginary journey to this place; tasting their food, singing their songs and learning to speak their language. We might even send you a postcard!!

Learning Outcomes

Our imaginary journey will provide many opportunities to learn about culture, geography, language and art. A copy of the learning program for the term is available from the class website (www.ogps.wa.edu.au/room_3) or just see me!

Podcast

We hope you are enjoying listening to our podcast as much as we enjoy making it. This term, we will be reporting to you from a number of exotic locations. Stay tuned to www.podkids.com.au for new episodes.

Student Supplies

I have asked students to complete a stocktake of the stationery that they have at school. Can you please check the attached list, and top up any supplies that your child needs? Thanks.

Interviews

I have now met with most parents to discuss their child's progress in first term. If we haven't had an interview yet, please see me to arrange a convenient time. This is a great, informal way to catch up and discuss any concerns you may have.

Mr Fuller
