

Room 3 Update

New York, New York!

Where in the world is Mr Fuller's class? Right now, we are in New York City, USA!

During our imaginary trip to NYC, we will be learning about the history of New York, designing skyscrapers and cooking healthy hamburgers. We will also be focusing on creative writing, so expect to read some exciting stories set in the 'Big Apple'.

Podcast Episode

Episode 5 of the podcast is available now! Now that we are all experts on Japan, we have included some awesome reports on Japanese food, culture, homes, transport and language.

The show also contains a great report on meerkats, some cool jokes, a special segment for our mothers and an interview with Roger Hayden from the Fremantle Dockers football team.

Be sure to visit www.podkids.com.au or you can borrow an iPod. Just write me a short note in your child's diary confirming that you are happy for them to take the iPod home.

Italian Day

We are all looking forward to Italian Day, next Monday 29 May. We will be playing bocce, soccer and Italian card games. We will have our faces painted, cook pizza, and explore Italy online. Don't forget to send \$3 by this Thursday if your child would like a pizza, gelato and drink and lunch on the day.

Hands-on Maths

Mrs Veen has been helping with 'hands-on' maths activities in the classroom. We are applying some of the great teaching strategies that we learned as part of our 'First Steps' professional development. Please see us if you want to learn more about these fun ways of helping your child understand maths.
