Parent Workshop
Tresna Gale from the Child Parent Centre organised a free parent workshop on Monday 11th May 2015 from 9am to 10.30am with SIDS and Kids WA on “First responder basic CPR techniques”.
The workshop was very successful with a good number of parents attending. Another workshop on ‘Dealing with Disobedience and Challenging Behaviours’ is being held on Monday 8th June.

African Drumming Artist in Residence Program
All children from Pre-primary to Year 6 are really enjoying these lessons which are held every Friday. The program is heavily subsidised by Song Room which is a charity organisation which seeks sponsorship from various businesses to provide children in schools the opportunity to work with inspiring teaching artists such as Odai.

Kidpreneur Club
Mrs Reed has started an after school club this term for the year 5/6 students to assist them to learn about becoming young entrepreneurs. The students are working in teams of three to plan and develop a product that they will be marketing and selling. They will go through the process of production, marketing and sale of the product in real situations such as at local shopping centres or markets.

Sporting Schools
The Active After School Communities Program has been abolished and a new program called ‘Sporting Schools’ will be officially commencing in July 2015. Sporting Schools is Australia’s largest school-based sports participation program to help get Australian children foster a lifelong interest in sport. The program offers students in primary schools access to sport based activities before, during or after school. In the meantime, Orange Grove Primary School has been asked to trial the program for this term and we have opted for an after school activity. This requires commitment by staff to organise and supervise the children after school and I thank Mrs Heffeman for coordinating the activities and Mr Friday for supervising the children. An activity of Boomerang Throwing which is a world championship sport is running over 8 weeks this term. We are applying for a grant from Sporting Schools to run sport-based activities next semester.
